

# ABBEY OF MONT-SAINT-MICHEL

The summit of a unique site.

The Abbey of Mont-Saint-Michel is one of the most remarkable examples of mediaeval religious and military architecture and was one of Christianity's most important pilgrimage sites from the 8th to the 18th century.

An architectural wonder, the abbey brings together twenty rooms including the abbey church, the promenade of the monks, the refectory and The Marvel cloister totally restored in 2017. In summer, see the abbey in a different light by exploring it at dusk on one of our night walks.

**Designated world heritage site by UNESCO.**
